PS100 RIDE-ON SWEEPER

Comfortable Operator Console

Large High Efficiency Dust Filtration

High Ground Clearance

- Vacuum Assisted High Productivity Sweeping
- Battery, Petrol, LPG & Hybrid Models Available
- Hybrid Power Option includes Petrol, LPG and Battery, all in the one machine
- Heavy Duty Modern Industrial Design

The PowerSweep PS100 Ride-On Sweeper is the result of extensive research and development into the combination of debris sweeping and dust filtration technology; the unique height and angle of the filtration airflow chamber combined with the electric filter shaker provides superior dust filtration performance. The PowerSweep PS100 is an innovative machine that has resulted in the PS100 being a leader in its category. Featuring an easy-to-use hopper with twin hopper bins for ease of debris disposal, a large 4 sq mt dust filtration system, electric filter shaker, the PS100 is ideal for most small to medium size applications.
